Jett.

The fruit crop is not much hurt. If we may judge from the present outlook, wheat promises a very fair yield. Owing to continued rains, but few tobacco seed have been sown. It is much to be regretted that every Kentuckian could not hear the late speech of Judge Wm. Lindsay on Capital removal. We do not wonder that the City of the Falls and the muddy little town up the road lowered their flags to half-mast.

We hear it said that our townsman Lee A. Owen is a candidate for representative, though we have not seen his announcement in the ROUNDABOUT. Speak out, Lee; we know you are a good fellow, but the people want to know how you stand on the Capital removal, the dog law and other economic questions.

It is reported that the city authorities of Frankfort contemplate placing a license fee of fifty dollars upon all hucksters and peddlers of vegetables and market produce within the city limits. We can hardly believe this, for such a move would operate as an involuntary boycott upon the part of small grocers, and force the citizens to eat stale vegetables brought from a distance and sold by the green grocers.

War! war! blood on the moon! A few murderous anarchists receive their just dues at the hands of an indignant populace, and Italy trims her navy. Guess they have forgotten over there that this is the United States, and Jim Blaine is premier. The Italians had best go easy, or they may "hear something drop."

That Alliance man whose vote made Gen. Palmer United States Senator, may have been an ordinary individual, or he may have been possessed of giant intellect. Be that as it may, in his speech at Chicago he uttered the grandest sentence that has fallen from the lips of any politician for many moons, namely: "I tell you now you never can elect Grover Cleveland President of the United States." He is a gold bug and the Alliance people don't want, nor will they have him.

BULLDOFUS.

Great Discoverers.

What Bell and Edison are to the telephone and electricity, says the Pittsburg News, Dr. Franklin Miles, the well-known specialist in nervous diseases, is to the nervous system and nerve fluid. Among his numerous discoveries the Restorative Nervine is undoubtedly one of the greatest. It is unsurpassed in nervousness, dyspepsia, headache, epilepsy, neuralgia, backache, melancholy, sleeplessness, change of life, etc. Free trial bottles of it may be had of J. W. Gayle, druggist. All should read his "New and Startling Facts for the Afflicted," a very able, interesting, and finely illustrated book. Free to all.

Bridgeport.

Wheat is looking fine in this neighborhood.

Very few oats sowed yet, and but little corn ground broken, owing to so much wet weather.

Chinn Sanders has had the worst case of Grippe we have heard of, and has not yet entirely recovered.

E. N. Armstrong has about recovered from his recent illness.

F. M. Scofield and family visited Mr. John Jenkins family last Sunday.

Miss Susie Reed, while going to Frankfort one day last week, met three bicyclists. Her horse, which was attached to the buggy, became frightened and her request that they should check up, was treated with contempt. Finally one of the party said there is no use in checking up, and furthermore I don't care if her darned old horse does run off. Had it not been for the timely assistance of a gentleman her life would have been placed in great danger.

Five hundred people are expected to be present this evening at Graefenburg to hear Dr. J. D. Clardy speak—the people's choice for Governor.

Mr. Anderson Powers, an old and highly respected citizen of this community, died at his residence Wednesday, the 18th, with kidney disease. Mr. Powers was 71 years old, and had been a faithful member of the Baptist Church for over 20 years. None knew him but to love him, none name him but to praise him. He leaves 8 children to mourn his loss.

Mrs. Mahala Tracy, wife of the late Milton Tracy, died at the old family residence with pneumonia on last Thursday, the 19th. Only one year and two days had passed since her husband preceded her to the spirit world. She having made all necessary preparations, was willing and anxious to depart and be at rest. Your scribe

remembers with pleasure when, about four years ago, this happy old couple celebrated the 50th anniversary of their married life. They were so patient, loving, loyal and happy through life, but their union here is not to be compared with that in the new Jerusalem. She was 76 years of age and had been a consistent member of the Baptist Church for over 40 years. She leaves six children, twenty-seven grand children and five great grand children to mourn her loss. Impressive services were held at her home by Rev. W. C. Taylor, after which she was followed by many friends and relatives to her last resting place.

Mrs. R. C. Mayhall has been on the sick list for some time, but has about recovered.

A Valuable Discovery.

Dr. Brown Sequard's elixir of youth may be an important discovery, but every one knows that Dr. Franklin Miles' New Heart Cure certainly is. It has given thousands afflicted with serious heart disease a new lease of life. Druggists, who can observe its effects on many customers, everywhere speak very highly of it. Mr. John Weaver, of Knightstown, Ind., says: "I have sold much of Dr. Miles' New Cure and have received many good reports." O. Monroe, of Dunkirk, N. Y., reports large sales. "And the best part of it is every bottle has given satisfaction." Sold and guaranteed by J. W. Gayle.

Fairview.

Mrs. Simon Shay, her son Richard and little daughter, of Middlesborough, are visiting relatives here.

Mrs. James Bodkins and little ones, formerly of this community, but now of Middlesborough, are visiting friends and relatives in this section.

Mr. Anderson Powers, an old and highly respected citizen of Frankfort county, died at his residence on Wednesday, the 19th inst., about 4 o'clock p. m., general debility being the cause of his death. The funeral services took place Thursday afternoon at 3 o'clock at his residence and were conducted by Elder Robt. Baker. Had Mr. Powers lived until July he would have been seventy-one years old. He was a member of the Baptist Church, to which he was warmly and strongly attached. He leaves eight children to mourn the loss of a loving father. Those who knew him best will ever cherish the memory of his life, his good example and his pious precepts. One and all will feel the loss his death brings.

CONVICT KILLED.

Deputy Warden J. W. Marshall Shoots a Mutinous Prisoner.

A negro convict by the name of Reuben Collier, sent to the Penitentiary from Fulton county, for seven years, on the charge of mule stealing—his term beginning on the 3d of March, 1890—stole a lamp from the cell of a fellow-convict on Tuesday, and under the rules of the prison a convict guilty of theft forfeits all good time earned and is punished with twenty lashes. Wednesday morning Warden Bolan sent for Collier, questioned him in regard to the matter, and ordered him to be locked up in his cell until Deputy Warden J. W. Marshall came in, whose duty it is to punish refractory prisoners.

When the Deputy Warden arrived a colored prisoner employed in the cell house, was sent to unlocked Collier's cell, which was on the "eleventh walk," or upper tier of cells, and bring him down. When the door was unlocked Collier refused to come out, and the convict sent for him called to another, a white man by the name of Smith, to come up and help him bring Collier down. When Smith arrived at the cell door and started in Collier threw a heavy glass bottle at him which he dodged, the bottle striking the wall and was broken into a thousand pieces. The colored convict also started into the cell, but Collier struck at him with a heavy piece of timber shod with iron, used as support for his bed, with which he had armed himself, and he too retreated. Deputy Warden Marshall then went up to the cell and ordered Collier to give up his club and come out, but he refused, saying he would die with the club in his hands rather than surrender, unless the Deputy promised that he would not punish him. Marshall told Collier he was acting a fool, that he did not want to hurt him but would have to do so unless he came out and submitted to punishment, but he still refused, and Warden Bolan also came up and tried to reason with the refractory prisoner. He stood with the club raised ready to brain any one who should enter the narrow cell, and stubbornly refused to move an inch unless they promised not to punish him. The walk in front of the cell door is but three feet wide and there was no chance for the men on the outside to get at Collier but to go in at the door, when a blow from his murderous bludgeon would have sent them over the slight handrailing to the floor fifty feet below. Finding that Collier would not listen to reason, Warden Bolan told his Deputy to fire upon him. Deputy Warden Marshall stepped into the door, with his pistol in his hand, saying: "1, 2, 3, give up that club." But Collier only raised the weapon he held in his hand, leaned forward and was in the act of striking Marshall when that officer fired, the ball striking Collier just below the right nipple, passing through his body, cutting one of the large arteries leading to the heart, and came out on the left side. He fell a corpse upon the floor of the cell, his body was taken up and carried to the hospital, where it was viewed Wednesday afternoon by Coroner Dehoney and a jury. After hearing all the evidence in the case the jury returned a verdict that Collier came to his death by a pistol-shot wound, the pistol being in the hands of Deputy Warden J. W. Marshall, in the discharge of his official duty.

Collier had been a quiet and peaceable prisoner from the time of his incarceration until he got into this trouble.

Busy wives who use SAPOLIO
never seem to grow old. Try a cake...

A complete wreck of domestic happiness has often resulted from badly washed dishes, from an unclean kitchen, or from trifles which seemed light as air. But by these things a man often judges of his wife's devotion to her family, and charges her with general neglect when he finds her careless in these particulars. Many a home owes a large part of its thrifty neatness and its consequent happiness to SAPOLIO.

Grocers often substitute cheaper goods for SAPOLIO, to make a better profit. Send back such articles, and insist on having just what you ordered.

FOR LIEUTENANT GOVERNOR.

Capt. L. D. Holloway, of This City, Announces His Candidacy.

Capt. L. D. Holloway has addressed the following letter to the correspondent of the Louisville Times:

"You announced me some days since as a candidate (embrionic) for Lieutenant Governor. I don't want the thing to die in embryo but to die natural or, at least, in some shape. I therefore, being a native born Kentuckian, born in Clark county, Kentucky, January 21, 1824 (and not so venerable, being sixty-seven my last birthday,) raised in the sassafras and peneroil precincts of Franklin and the blackberry precincts of Scott, have the Blue Grass, sassafras and peneroil attachments. I have been eight years a clerk in the Auditor's office under Col. D. Howard Smith and Gen. Fayette Hewitt, two of the best men I think the State ever had. Nearly eleven years clerk of the Kentucky Penitentiary, which position I now hold, and don't expect to resign unless so requested by the Prison Commissioners who appointed me. No salary being attached to the office of Lieutenant Governor, I could not afford to be Lieutenant Governor for glory. But I should not expect to draw any salary as Clerk of Penitentiary during any time my duties as Lieutenant Governor should be called into requisition. In politics I am a John Morgan Rebel Democrat, with the Grover Cleveland attachments. In religion which is commonly known as a "Campbellite." May be considered erratic, eccentric and, perhaps, cranky, but don't think so, and if so, it is my father's fault for naming me Lorenzo Dow. I have no time of my own, not being the head of any State department, simply a clerk for Kentucky for nearly nineteen years on a small salary (and, of course, no railroad passes) if I had the time and money to make a canvass. Now, as I have such a privilege, I announce myself for the position above referred to, sink or swim, live or die. survive or perish, I will be found at my post to give receipts to all Sheriff's when they bring prisoners to the Kentucky penitentiary until further notice. Respectfully, L. D. HOLLOWAY."

As this brings the fight for the Democratic nomination for the office of Lieut. Governor squarely between Frankfort and Lexington, Hon. M. C. Alford being the representative in the race of the latter city, we are for the Captain unanimously. "Hurrah for Holloway and liberty."

Spreading for Leagues Around
The marshy, overgrown lands, sunken lots and half submerged river banks, which give them birth, the seeds of malaria impregnate the air, and are inhaled at every breath by thousands unprovided with any adequate safeguard against the baneful influence. Yet such exist—potent alike to remedy or to prevent, pure in its constituents, and the professionally recognized substitute for the hateful drug, quinine. Its name is Hostetter's Stomach Bitters, a family specific and safeguard, foremost not only as an antidote to malaria, but also as a means of permanently removing dyspepsia, and relieving constipation, liver complaint, rheumatism, kidney and bladder ailments, and nervousness. Among invigorants it takes the first place, and is also a superb appetizer. Use it systematically.

Go and Buy One.

The tickets to the fancy dress hop to be given at the Capital Hotel on the evening of April 1st, for the benefit of the Confederate memorial fund, are now on sale at Barrett's news depot. Price two dollars for gentlemen—the ladies will be admitted free. Go and purchase one and induce your neighbor to do likewise, thus helping the ladies of the Confederate Memorial Association to pay for the fine monument they have ordered erected in our cemetery.

Something in a Name.

The committee to whom the question of location of the seat of government of the State was referred by

the Constitutional Convention was, when created by that body, styled the "Committee on Capital Location," but the Louisville and Lexington papers have heretofore persisted in calling it the "Capital Removal Committee." As the committee has made its report, and located the capital, perhaps these papers will now understand that there is something in a name and give the committee its proper title.

Ayer's Cherry Pectoral possesses powerful healing qualities, which manifest themselves whenever this remedy is employed in colds, coughs, throat or lung troubles. Its anodyne and expectorant effects are promptly realized. It is a chemical success and a medical triumph.

Don't Be Gloomy.

Those who are the victims of mercurial poisoning, or who are suffering from mercurial rheumatism, are inclined to take a gloomy view of life when, as the poet says, "Winter is folding its white tents and spring getting its thunderstorms together." Yet these victims have no reason to despair. S. S. S. is a sure remedy for all forms of mercurial poisoning. Though it is purely a vegetable medicine, it is powerful, indeed, when called on to chase mercury, and the last lingering effects of mercury, out of the system. It performs the work with neatness and dispatch, as thousands of testimonials show.

A Hustler From Way Back.

Joseph G. Schweers, of Frankfort, Manager of the Capital Brewing Company of that city, is, in our estimation, becoming a prime favorite in Eastern Kentucky, as was evidenced by the handsome way in which he mixed with our people yesterday. Although it being his first trip to Beattyville and a stranger in our midst, he proves to be the right man in the right place, and in all respects pertaining to business he is a hustler from way back, and is sure to meet with success where ever he chances to go. It is with pleasure that we congratulate the company which he represents, upon securing the services of so worthy a gentleman as Mr. Schweers.—Beattyville Enterprise.

Prof. Wiggins and all the other prophets may fail in dry weather, but Gantner's magic chicken cholera cure never fails. If it does your money will be refunded by Phil. Carpenter.

FRANKFORT, MARCH 28, 1891.

A SUDDEN SUMMONS.

Hon. Woodford W. Longmoor Called from Earth to the great Hereafter.

Friday afternoon, about 5 o'clock, Hon. Woodford W. Longmoor, Clerk of the Court of Appeals, was sitting in the hall of the Constitutional Convention talking with Major P. P. Johnston, delegate from Fayette county, and had just expressed himself as feeling in perfect health, when Major Johnston saw a strange expression come over his face and Mr. Longmoor complained of a suffocating sensation, a strange oppression about the throat, and asked for a glass of water. Major Johnston advised him to get out of the hall and assisted him into the rotunda. After getting outside the hall Mr. Longmoor drew himself up on his crutches, remarking his left leg was paralyzed. Major Johnston called to Squire Pat. McDonald to assist him and together they carried the dying man to the cloak room and laid him upon a sofa, he having become unconscious. Medical aid was summoned immediately but it was too late, for he died in about twenty minutes. Mrs. Longmoor and his only son were notified and were with him when death came, but he never recognized either. The physicians announced that apoplexy caused his death.

Mr. Longmoor had only been a resident of this city since he went into office in September last, having been elected last August, but his kind and gentle disposition had made friends for him of all our citizens with whom he had come in contact, and his sudden and untimely death is deeply regretted by all.

Brief funeral services were held at his late residence on Shelby street Saturday morning, and the remains were taken to his old home in Cynthiana, where the funeral took place Sunday morning at 11 o'clock. A special train was run from this city to that point over the Kentucky Midland and a large number of our citizens went over to pay the last tribute of respect to the memory of one whom they had in so short a time learned to hold in the highest esteem.

During the war Mr. Longmoor was a soldier in Gen. John H. Morgan's command, C. S. A., was wounded in

the right leg at the battle of Cynthiana in 1864, and in order to save his life amputation became necessary, the operation being performed by Dr. Daniel, father of Capt. Geo. W. Daniel, of this city, who was then surgeon of the 45th Kentucky, U. S. Infantry. He was a great sufferer during the balance of his life from the injury, but bore it with the manly courage for which he was noted.

The Judges of the Court of Appeals have appointed his brother-in-law, Mr. Green B. Addams, his successor to serve until an election is held in August to fill the office for the remainder of the term.

The cloak room in which Mr. Longmoor died is the same one to which the late Col. Jerry W. South was borne when he fell a corpse at the head of the steps, only a few feet away, in May, 1880.

Another Sudden Death.

Mr. John Heller, sr., the well known butcher, who has been running a meat store on Broadway for a number of years past, while in his store Monday afternoon, was attacked with what was supposed to be a fainting fit and fell in the floor. He was removed to his room over the store, where he grew worse until about 11 o'clock that night when life became extinct. Mr. Heller was born in Switzerland but had been a resident of this city for some twelve years. He lost his wife only about two months ago, and leaves two children, Mrs. Louisa Murphy, of Louisville, and Mr. John Heller, jr., of this city, to mourn his death.

His funeral took place from his late residence Wednesday afternoon.

Permanently in Frankfort.

At a meeting of the Capital Location Committee of the Constitutional Convention held on Friday evening of last week, nine of the eleven members composing the committee were present. Five of the number were in favor of recommending to the Convention that the seat of government be permanently located here while the other four were split up on the proposition to submit the question to a vote of people—no two of them agreeing upon the same plan.

It was decided that a majority report should be made recommending that Frankfort be the permanent seat of government, which report was made to the Convention on Saturday morning. Of course the delegate from Lexington, Hon. Charles J. Bronston, made a vigorous protest against the report being received, but the Convention, by a vote of 34 to 25, decided that it should be, and it was placed in the orders of the day, and will probably come up next week for final action.

On Tuesday night the other members of the Committee who were opposed to Frankfort held a meeting and prepared a report recommending that the matter of Capital location be submitted to a vote of the people. The report was made to the Convention Wednesday afternoon and also went into the orders of the day.

Frankfort is willing to stand on her present hand, and is not at all alarmed by the Lexington and Louisville "bluffs."

Children Cry for Pitcher's Castoria.

Got Excited.

The Lexington Leader became very much excited when the news was received in that city on Saturday night that a majority of the committee on Capital Location had reported in favor of locating the seat of government permanently in this city, and its Sunday issue had the following heading to the dispatch from its correspondent here:

"A dirty trick. Five members of the Capital Removal Committee disgrace themselves by underhanded work. A meeting suddenly called Friday night, in the absence of two anti-Frankfort men, and a report was adopted against a change. The friends of the Capital City afraid to go before the people, and attempt to take snap judgment—the Convention will not be stampeded by the tricksters, and Frankfort may lose votes because of the dirty work of its supporters."

The wild-eyed youth who penned the above should calm himself, soak his head, or else take a drink of Lexington hydrant water. If he had known any thing at all he would have been fully aware that Lexington had no earthly chance for the Capital, and why he should work himself into such a frenzy, when the Capital Location Committee took the action that every well-informed person knew they would, we fail to understand. There was no underhand work about the meeting. It was stated upon the floor of the Convention that the other members of the committee were notified, and in the effort to make it appear that the whole affair was a set-up job, in the interest of Frankfort, the Leader does the cause of its town no good at all. Frankfort "MAY lose votes" on account of it, but we hardly think she will. We've got you, boys, and you might as well submit with a good grace.

Quit tearing your hair so frantically, and some day, when you get sober, come down and let us show you where we are going to have nice, new capitol buildings.

The Talbott Sale.

Col. John L. Scott, as executor of the late Gus. Talbott, sold his farm, stock, crop, personalty, &c., at public sale on Wednesday. A large crowd was present, and everything sold brought good prices, the appraisal being exceeded by from two thousand to twenty-five hundred dollars. The farm was bought by Mr. Sam Martin, who owns the adjoining place, for \$59.25 per acre. Corn in the crib brought \$4.45 per barrel, oats 72 cents per bushel, hams 16 cents per pound, and other things in proportion. Mrs. Talbott will remove to Missouri to reside with her daughter in a short time.

Stevenson the Winner.

At the oratorical contest held at Georgetown on Monday evening by the students of Georgetown College, there were some six or eight contestants, but the honors were carried off by Mr. John M. Stevenson, formerly of this city. Mr. Stevenson is a son of Rev. Thos. J. Stevenson and a grandson of the late John Macklin, of this county. He will represent Georgetown College at the Inter-Collegiate Contest which takes place at Lexington next month. John has many friends in this city and county who congratulate him upon his brilliant success.

Its odor is agreeable, and it is warranted not to injure carpets, linen or furniture.

No fatal effects can result from its use, as it contains no poison, which fact should give it a place in every household.

Hon. Richard H. Stanton, father of Major H. T. Stanton, of this city, died at his home in Maysville on Friday of last week, aged 79 years. Judge Stanton was for several terms a member of Congress, had attained eminence as a legal writer, and had also been the Circuit Judge of the Maysville district for several terms.

Death of Mrs. Price.

Mrs. Margaret Price, widow of the late Dr. Williamson T. Price and a sister of Mrs. S. C. Sayre, of this city, died on Friday of last week, at Morrilton, Arkansas, in the seventy-fifth year of her age. Mrs. Price was a daughter of the late Thos. S. Theobald and for many years a resident of this city.

Railroad Restaurant.

Mrs. Mary Baird is erecting a frame store-room on the rear of her lot adjoining the Kentucky Midland depot, and when it is completed will open a restaurant and confectionery at that point. The restaurant will prove a great convenience to persons leaving on the early morning trains on the Midland.

Gov. Blackburn's Monument.

The monument ordered by the State to be erected over the remains of the late Gov. Luke P. Blackburn has been received here and is being set up in the Cemetery. We clip the following description of it from the Louisville Times:

The monument is of Grecian architecture of the sarcophagus pattern, and is most graceful in outline and finish. The dimensions are as follows: The first base is 8 feet by 5 feet, and the next base is 6 1/2 feet by 4 feet. On this rests the third base, which is richly mounted and bearing on the front in bold raised letters the name "Blackburn." The next piece is the "dial," the four corners being elaborated with curved caps and polished

tion are highly polished. On the front panel appears this inscription: columns. The four panels on this section.

GOV. LUKE P. BLACKBURN,
Born in Woodford Co., Ky.,
June 16, 1816.
Died Sept. 14, 1887.

On the rear panel is the following inscription, written by Gen. Basil Duke:

"He earned affection which can die only with the hearts in which his memory is enshrined: and his life, consecrated to duty and charity, is an example of heroism and fidelity."

"Chief Magistrate of his native Commonwealth, his official record is a bright page in her illustrious history."

"In his great soul Justice, Honor and Mercy ruled together, and sordid aspirations held no sway."

"He rests with the blessed who have feared God and loved their fellow-men."

On the dial there is a very richly carved frieze projected over and beyond the panels of the dial, giving a fine and pleasing effect to the entire structure; and in the front of the frieze there is a bronze plate representing the "Good Samaritan." The finishing piece of the monument is a massive cap with rich leaf ornaments. On the four corners of the top of this piece is a richly molded Grecian rope mold, extending in double coils across the entire top of the cap.

The work was executed by M. Muldoon & Co. at their quarries in Vermont.

Here it is and it fills the bill much better than anything we could say: "It gives me the greatest pleasure to write you in regard to Chamberlain's Cough Remedy. During the past winter I have sold more of it than any other kind, and have yet to find any one but what was benefited by taking it. I have never had any medicine in my store that gave such universal satisfaction." J. M. RONEY, Druggist, Geuda Springs, Kansas. 50 cent bottles for sale by J. W. Gayle. 26-1m.

All Torn Up.

For a city that never had a ghost of a chance for the Capital, Lexington is doing a wonderful amount of cussing, kicking and crying about the report of the Capital Location Committee. To hear the papers of that town yawn one would think that the Blue Grass capital had been robbed of a rightful possession; that Frankfort had invaded her sacred precincts, and by force and arms carried off the seat of government. It is amusing to see what faces they make at their medicine and how hard they die.

The Doctor Will Come.

Dr. John D. Woods has, in response to a call made upon him by a large number of his fellow-citizens, announced himself as a candidate for the Legislature from Warren county and will be very likely to represent that county in the Lower House of the next General Assembly, which is very gratifying to the many friends he made here during the five or six years he was Public Printer.

WANT THE WEALTH.

The Edwards Heirs Meet and Consult.

In obedience to a call issued several weeks ago, a meeting of the heirs to the Robert Edwards estate was held at the Court House in this city Monday afternoon, in which the following persons were present: Capt. E. O. Hawkins, Reuben Hawkins, J. D. Hawkins, R. H. Hawkins, jr., Mrs. Mattie Bashford and John S. Marshall, of this county; Col. Thos. B. Ford, Mrs. Margaret S. Rossen, Mrs. Sarah J. Sheets and James E. Truman, of this city; Louis W. Wright, Owen county; Mrs. Susan Francis Reading, Louisville; J. F. Edwards, Webster county; W. J. Hand and D. L. Adams, New Albany, Indiana; J. D. Hawkins, Anderson county; W. H. Edwards, Versailles; J. E. Hickman, Elizabeth Hopkins and Mary Hickman, Henderson county; N. J. Davis and Elizabeth Conder, Bracken county; C. C. Garrett, Clark county, and Judge John W. Lockett, of Henderson.

Col. Thos. B. Ford was chosen as chairman and John S. Marshall appointed secretary.

The following resolutions were proposed and unanimously adopted:

Resolved, That the chairman appoint a committee of ten to investigate the title of any of the persons present in the estate of Robert Edwards, of New York, and to report the result of their investigation to a meeting of said committee, in Louisville, Ky., not later than the 31st of May next.

Resolved, That the said committee, upon their own responsibility, are requested to investigate whether the title papers to said estate are in existence or not, and report thereupon at said meeting.

Resolved, That the said committee are requested to consult, prior to their meeting, with Judge Matthews, of New Castle, Ky., and arrange, if practicable, a joint meeting with him, as the representative of certain heirs, at the time to be fixed under this resolution by the chairman of the committee.

In pursuance of the above resolutions the chair appointed the following committee: W. H. Edwards, Versailles, Ky., chairman; E. O. Hawkins, Frankfort; John E. Hickman, Henderson; J. T. Edwards, Seebree, Webster county; Nancy Jane Dwyer, Augusta, Ky.; Eugene Rossen, Frankfort; Mrs. Mattie Bashford, Farmdale; David L. Adams, New Albany, Indiana; H. E. Sheets, Frankfort.

After some discussion the meeting adjourned to meet in Louisville at the call of the committee.

The estate in which these parties are interested is said to be worth \$300,000,000, and consists of real property located in the heart of New York City. Robert Edwards, through whom the heirs hope to inherit, came from Wales before the Revolutionary war and bought eighty acres of land on Manhattan Island, in what was then the suburbs of New York City. He leased the property to the Colonial Government for ninety-nine years, and when the war for independence broke out he went into the army and was never heard of afterwards. The property was taken up and conveyed, and title passed for many years since his disappearance, and, of course, the claimants, while hopeful of success, realize that it will only be at the end of long and expensive litigation.

Mr. James Lambert, of New Brunswick, Illinois, says: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right today and would insist on every one, who is afflicted with that terrible disease, to use Chamberlain's Pain Balm and get well at once." For sale by J. W. Gayle. 26-1m.

Guild Supper.

The Ladies of Ascension Church Guild will give a supper and bazaar in the room formerly occupied by Crutcher & Starks, in the Holy building, next door to the Athletic Club, on Main street, on Tuesday evening. The supper will be an elegant and substantial one, comprising the delicacies of the early spring season. The bazaar will be the handsomest ever open in the city, and prices will be very modest.

The following item has been going the rounds of the press, and as our druggist, J. W. Gayle handles the goods, it may interest our readers: Having had occasion to use Chamberlain's Cough Remedy, it gives me pleasure to state that I found it to be the best medicine for a cough I ever used; in fact, it cured me of a cough that had baffled several other cough medicines.—N. Mrs. Carswell,

Of Leroy, N. Y., was dying of Neuralgia of the Heart. The attending physician had made his last visit and said there was no possible chance of her living but a few hours. Her son had been telegraphed for from Rochester to come and see her die. At this critical moment an agent selling Dr. Hale's Household Ointment called at the house and told them the lady need not die at that time if she would follow his directions. He was so earnest and positive that the family concluded to try the new remedy and began applying it at once to the region about the heart; the pain soon ceased and Mrs. Carswell rapidly recovered and is alive and well to-day, and she and all her family says Dr. Hale's Household Ointment saved her. Artist—Resemble the man? My dear sir, that portrait is a work of art. If there is any question about it, it is, Does the man resemble the portrait?—New York Sun.

At the head of all blood-purifiers is Dr. Pierce's Golden Medical Discovery. But it's different from all of them. Whatever is claimed for this, it's guaranteed to do. The money is refunded in every case where it fails to benefit or cure. It's because it is different that it can be sold so. All diseases originating from a torpid liver or impure blood yield to it. It cleanses and purifies the system, freeing it from all manner of blood-poisons, no matter from what cause they have arisen. For Dyspepsia, Biliousness, Scrofula, Salt-rheum, Tetters, Erysipelas, or any blood-taint or disorder, it is an unequalled remedy. Nothing else can take its place.

"Golden Medical Discovery" contains no alcohol to inebriate, and no syrup or sugar to derange digestion.

It's a concentrated vegetable extract; put up in large bottles; pleasant to the taste, and equally good for adults or children; works equally well all the year round.

L. F. GANTER'S MAGIC REMOVER!

NO CURE, NO PAY.

NO CURE, NO PAY.

The MAGIC REMOVER fills a long felt want with owners of Horses or Mules with Warts, Knots, Bruises, Cuts, Strains, Sprains, Old Sores, Barb Wire Cuts, etc. It makes no difference how long the knot has been there, or how hard it is, (if it is not of the bone,) we will take it off on the "NO CURE, NO PAY" plan. In removing the knot the hair comes off, and the place becomes very sore; when you stop using it, the hair comes back its original color, and not a trace of the knot is left. For plan of insurance, etc., call at the undersigned druggist's, and bring your animal with you.
